RAKESH PATEL

FRONTEND DEVELOPER

Tinkune, Kathmandu | devrakesh.tech@gmail.com | +977 9825256068 | rakeshthedev.vercel.app

OBJECTIVE

Seeking a frontend internship or junior role to build responsive, user-focused web interfaces using HTML, CSS, JavaScript, and React. I aim to apply practical frontend skills on real projects, improve code quality, understand production workflows, and grow through feedback, collaboration, and continuous hands-on learning within professional development teams.

WORK EXPERIENCE

FRONTEND DEVELOPER INTERN   *May 2025 – Oct. 2025*

Ghardailo Dugdh Dairy Co.

- Built and maintained responsive web pages using HTML5, CSS3, Tailwind CSS, JavaScript, and React.
- Converted design requirements into reusable React components with consistent UI patterns.
- Integrated frontend logic with basic data flows and asynchronous operations.
- Collaborated with non-technical stakeholders to align design and functionality with business needs.

PROJECTS

IMAGE TOOLKIT *Live link* | *Source Code*

- Built browser-based image conversion, compression, and cropping tool with simple, fast interface.
- Enabled quality and file-size control without downloads, accounts, or external software installation.

FINTRACK *Live link* | *Source Code*

- Developed React-based expense tracker to manage daily income and spending using state-driven UI.
- Presented clear visual summaries to help users understand budgets and spending patterns easily.
